Jan Rose

Handwriting Analyst for Special Events

HERE'S THE SLANT: Choose from Two Programs

How do you cross your T's and dot your i's? Join Jan Rose to learn how Handwriting is a window to your personality and perhaps even the mood of the day. The experience is fun, interactive and filled with surprises.

Mini-Analysis — Students visit Jan at her table for a 5-minute handwriting analysis. This is the perfect entertainment choice when you have other activities in progress. Perfect for corporate or college events.

The Handwriting Show — This is a platform or stage show. Your seated audience participates in group activities and together with Jan, examines famous and historical signatures. Jan even interprets "Doodles" as three audience members join her onstage! (50 minutes)

Invite Jan Rose to your next event. Your guests will never look at their handwriting the same way again!
